RE: Rule Book Updates

2017 TORC Rule Book Reminder:

Please be informed that you and your team are responsible for reading and knowing the 2017 TORC Rule Book.

2017 TORC Rule Book Update:

Pro Stock:

Seats – Seat must be an approved racing seat. It does not have to meet SFI 39.2 standard. If it does not meet SFI 39.2 standard, it is subject to approval by TORC / USAC.

Beds - Beds can be removed for the purpose of strengthening the integrity of the rear framework.

Hoods - The hood must remain Stock and mounted exactly in the stock location.

Fuel - A Spec Fuel will be named at a later time.

Overall Width - Yamaha, Can - Am, Arctic Cat = 68", RZR = 70"
(This is meant for all UTV's to retain stock hubs in their stock locations but to allow for aftermarket wheels.)

Air Intake Box - Aftermarket air filters and the ability to modify the air intake box to accommodate the air filter is permitted.

Sway Bars – The use of aftermarket sway bars is permitted.

Pro Modified:

Fuel – ~~Open, without additives (No Nitro)~~

Kyle Robbins
USAC Tech Director
