RE: RULE BOOK UPDATE - CLASS ELIGIBILITY FOR SPORTSMAN

2017 TORC Rule Book Reminder:

Please be informed that you and your team are responsible for reading and knowing the 2017 TORC Rule Book.

DRIVERS COMPETING IN PRO UTV NOT ELIGIBLE FOR SPORTSMAN UTV*

The intent of the Sportsman UTV class is for individuals who are new to the sport, or wish to remain in a class that is intended as a developmental race class. To keep this class as intended, TORC will implement the following rule change effective immediately.

This change will impact the following rule:

13.1 An eligible driver may drive any qualified race vehicle in any event. A rookie driver must have hot lapped the race vehicle that he or she intends to compete.

****UTV ONLY:***

Drivers competing in any PRO UTV class CANNOT also compete in the SPORTSMAN UTV class during the same weekend. A PRO UTV class driver may drop down to compete in the SPORTSMAN class in future event weekends, but the UTV must be converted to meet SPORTSMAN tech and the driver will forfeit all PRO class season points.
